RULES AND REGULATIONS OF M.B.A. (TTM) PROGRAM-2023-24

The Master of Business Administration (M.B.A.) TTM is a Post-Graduate course offered as:

I. Two-year i.e., four semester Full Time Day program – Annual fee Rs. 60,000/-

1. Eligibility Conditions

M.B.A. (TTM)

Candidates seeking admission into Full Time M.B.A. (TTM) program must be: Bachelor degree holder of Osmania University or a degree recognized by the university as equivalent thereto and / (or) as per the rules laid down by the University;

The candidates seeking admission must qualify in the Entrance Examination, conducted by the appropriate authority in the year of admission as per the norms prescribed by the University.

The admission of Non-resident Indians and candidates admitted in lieu of them will be As per the University Rules in force on the date of the admission.

Foreign candidates' admission is based on the Screening Process of the University currently in vogue.

2. Instruction Schedule

Instruction will be provided as per the workload indicated in the structure, Rules and

Regulations of M.B.A. (TTM) Program for all Theory, Practical and Project Work course requirements.

The almanac will be as follows for all semesters.

Duration of Instruction: 14 Weeks

Preparation Holidays: 7-10Days

Rules of Attendance

Students must attend 75% of the total classes conducted for all the courses put together in a semester. Relaxation of 10% of attendance might be given to a student on medical grounds on the basis of a valid medical certificate and payment of condonation fee prescribed by the university.

3. Promotion Rules:

A student will be promoted subject to the following rules:

a. I Semester to II Semester:

A student should put in a minimum of 75% of attendance in aggregate in all the courses put together of the Term (65% in the case of medical exemption) and should be registered for the University exam for the I semester.

MBA (TOURISM AND TRAVEL MANAGEMENT) (CBCS) SYLLABUS 2023-24

b. II Semester to III Semester

A student should put in a minimum of 75% of attendance in aggregate in all the courses put together of the Term (65% in the case of medical exemption) and should have passed at least 50% of Theory courses of I & II Semesters put together. (Viva Voce and Lab courses not considered for this purpose).

c. III Semester to IV Semester:

A student should put in a minimum of 75% of attendance in aggregate in all the courses put together of the Term (65% in the case of medical exemption) and having registered for the University Examination.

Candidates who have not passed in at least 50% of the courses of the previous semesters are not promoted to the next year.

4. Cancellation of Admission:

The admission of a candidate admitted to the MBA-TTM Course stands cancelled if: He /

She does not put in at least 40% of attendance in Semester-I.

Or

He / She puts in at least 40% of attendance in Semester – I, but failed to register for 1st Semester Examinations

Or

He /She fails to fulfill all the requirements for the award of the degree as specified, within 4 academic years from the time of admission in case of full time 2 year MBA-TTM program

5. Project Work:

The students should undertake the Project internship during the summer vacation (For 6 weeks of duration) intervening between II & III Semesters of MBA TTM Program. Project Report Work should be carried out in the Final Year of MBA-TTM Program i.e., III & IV Semesters for MBA-TTM Program.

The students are required to do project work in any area of Management under the active guidance of Internal Faculty Member assigned to the student.

The Project work usually consists of selecting a Topic / Problem / Theme in any area of management, gather relevant data, analyze and interpret the same in a systematic and scientific manner.

The Project Work should be undertaken under the supervision of the Faculty Member assigned for the purpose. The Project Report should be submitted to the University 30 days (one month) before commencement of Final Semester Examinations.

6. Scheme of Evaluation is a combination of Continuous and Comprehensive Evaluation and End Semester Examination

Rules & Regulations:

The CCE Model incorporates three (3) key components for assessing the specified program:

- i) **Continuous Assessment (CA):** Students engage in ongoing evaluation, where a total of 30 marks are distributed across three Internal Assessment tests. Each assessment carries a specific weightage of 10 marks, contributing to the overall assessment
- ii) **Attendance:** A portion of the assessment, accounting for 10 marks, is dedicated to tracking students' attendance. This aspect serves as an incentive for active engagement in the learning and teaching process. A total of 40 marks are allotted to Continuous Assessment
- iii) **End Semester Examination (ESE):** The comprehensive evaluation includes a final examination, contributing 60 marks to the overall assessment.

1st Internal Assessment (10 Marks)	2nd Internal Assessment (10 Marks)	3rd Internal Assessment (10 Marks)	4th Internal Assessment (10 Marks)
1. 10 Multiple choice questions each ½ mark (10x½) = 5 marks 2. 10 Fill in the blank questions each ½ mark (10x½) = 5 marks	1. 5 Questions on assertion & reason each 1 mark (5x1) = 5 marks 2. 10 Match the following questions each ½ mark (10x½) = 5 marks	1. Questions on syllogism each ½ mark (10 x ½) = 5 marks 2. Management quiz (written) each ½ mark (10x½) = 5 marks	Attendance = 10 marks

Weightage for Attendance:

Attendance Percentage	Marks
95% - 100%	10 Marks
86% - 94%	08 Marks
81% - 85%	06 Marks
75% - 80%	05 Marks
65% - 74%	04 Marks*

*Applicable only to those who provide a valid reason with condonation

End Semester Examination for 60 Marks divisible as Part 'A', 'B' and 'C'

- Part A - 10 Marks (5 Questions each carrying 2 marks) without choice.
- Part B - 40 Marks (5 Questions each carrying 8 Marks) with internal choice.
- Part C - 10 Marks Case Study (Analysis)

**Model Question paper End Semester
Examination (ESE)**

Part –A

Attend all Questions (5x2) =10 Marks

- 1) Question No. 1 – 2 Marks
- 2) Question No. 2 – 2 Marks
- 3) Question No.3 – 2 Marks
- 4) Question No. 4 – 2 Marks
- 5) Question No. 5 – 2 Marks

Part –B

**Attend all Questions (5x8) =40 Marks
(Internal Choice)**

- 6) Question No.6
 - a. Question-1 – 8 Marks a OR b
 - b. Question-2 – 8 Marks
- 7) Question No.7
 - a. Question-1 – 8 Marks a OR b
 - b. Question-2 – 8 Marks
- 8) Question No.8
 - a. Question-1 – 8 Marks a OR b
 - b. Question-2 – 8 Marks
- 9) Question No.9
 - a. Question-1 – 8 Marks a OR b
 - b. Question-2 – 8 Marks
- 10) Question No. 10
 - a. Question-1 – 8 Marks a OR b
 - b. Question-2 – 8 Marks

Part – C

Case Study (Analysis) - 10 Marks

Students are required to analyze the case presented in the section

MBA (TOURISM AND TRAVEL MANAGEMENT) (CBCS) SYLLABUS 2023-24

6.1 Measurement of Credits Hours:

The following formula may be used for the credit calculation in general education component of the course:

- i. General Education credit refers to a unit by which the course work is measured. It determines the number of hours of instructions required per week. One credit is equivalent to one hour of teaching [lecture or tutorial] or two hours of practical work/field work per week. Accordingly, one Credit would mean equivalent of 14-15 hrs of theory or 28- 30 hrs of workshop/ lab work.
- ii. One Credit is equivalent to 14-15 periods of 60 minutes each, for theory, or 28-30 periods of 60 minutes for workshop/labs and tutorials.
- iii. For internship/field work, the credit weightage for equivalent hours is 50% of that for lectures/tutorials.
- iv. For self-learning, based on e-content or otherwise, the credit weightage for equivalent hours of study is 50% or less of that for lectures/tutorial

6.2 Continuous Improvement and Evaluation Process:

- Students will review their graded assessments within a specified timeframe.
- Feedback sessions will be scheduled to discuss assessment results and clarify grading rationale.
- Students are encouraged to assess their own work against provided criteria after receiving graded assessments.
- Students will confirm receipt of graded assessments, acknowledging that they have reviewed the feedback.
- A formal re-grading request process will be established for students to request re-evaluation or re-grading.
- Transparent rubrics will be communicated before assessments, providing clarity on expectations.
- Clear procedures will be in place for students to express concerns or appeal grades

6.3 Assessment for Practical Courses:

- The assessment for practical courses can take one of two modes: continuous or a combination of continuous and comprehensive evaluation.
- In courses utilizing both continuous and comprehensive assessment, the End Semester Examination (ESE) will adhere to the minimum required percentage of attendance as outlined earlier. This emphasizes the importance of regular attendance in courses where assessment is both continuous and comprehensive.
- For courses featuring independent practicals or projects, the assessment pattern may vary. This variation is based on the specific requirements and goals of each program, as designed and approved by the Board of Studies committee. The flexibility in assessment aims to align with the unique nature of practical components in different programs and ensures a tailored approach to evaluating students' practical skills and knowledge.

7. Award of Grades for Seminars, Project Report and Viva Voce Examinations:

IV Semester Project:

Project Assessment for 150 Marks

Marks distributed for Project Assessment shall be as follows:

Internal Assessment

Research Design Seminar (III Semester) 1 Credit 25 Marks

Progress Seminar (III Semester) 1 Credit 25 Marks

IV Semester Project Assessment

Dissertation 1 Credit 25 Marks

Final Presentation 2 Credits 50 Marks

Viva Voce during Final Presentation 1 Credit 25 Marks

8. Instructional Work Load for Theory, Practical Courses,

Mentoring & Project Work:

Each of the Theory Courses of the MBA-TTM Program shall have instructional workload of 4 periods of 60 Minutes duration per week in addition to mentoring and project work as specified in the course curriculum. The Instructional workload for each of the Practical and Lab Courses shall be 1 Period of 60 Minutes duration respectively per week. Tutorial for each subject shall be for one hour per week. All subjects must have one period of Tutorial each per week.

9. Tutorial:

Individual and Group assignments, Case Studies, Presentations, Quizzes, Book Reviews, Article Reviews, Management Games etc.

10. Evaluation System:

- a. All courses of MBA-TTM Program will carry a Maximum of 100 Marks each.
- b. Duration of the university examination for all the courses is 2½ hours each.
- c. All the courses will have 60 marks for university end semester examination and 40 marks for internal examination (CCE).

The Guidelines, Rules and Regulations framed by the University in this regard will be applicable to the MBA (TTM) Program

11. Conduct of Examinations:

Examination will be conducted based on the existing rules of examination Branch that are applicable to other PG Courses

12. Award of Degree and Division:

Candidates will be awarded MBA-TTM Degree on successful completion of all Theory Courses, Practical Courses, Viva Voce and Project Report. The Division / Class will be awarded as per the University norms

Eligibility for admission to the ESE: A student must have at least 75% attendance in aggregate at the end of the semester. If any student fails to meet the 75% attendance requirement but has more than 65% attendance, in such a case, the student must pay a condonation fee with a proper reason for the shortfall in attendance.

- a. The End Semester Examination (ESE) for theory courses will be conducted for 60 marks. The duration of an ESE is generally 2½ hours.
- b. Possession of a hall ticket during the examination, along with the timetable and room allotment, is compulsory for the ESE. Hall tickets can be downloaded from the Student Login.
- c. The registration number of the students is bar-coded, and it is pasted on the facing sheet of the answer booklet at the beginning of the examination

13. Readmission for Pursuing Additional Elective Courses:

A student can be given readmission for pursuing additional electives after completion of MBA program subject to payment of requisite fee prescribed by the college / Department. Such candidates have to satisfy all the rules including attendance rule in vogue on par with regular students.

- a. The additional elective must be pursued in the same college in which the student studied and completed the MBA Program.
- b. The admission must be done within four weeks of the commencement of the III Semester.

14. Total number of credits to be completed to be eligible for the award of MBA-TTM degree:

Total number of credits at the end of fourth semester (MBA-TTM) = 25 + 25+26+26 = 102

15. Awarding Cumulative Grade Point Average (CGPA) and

MBA (TOURISM AND TRAVEL MANAGEMENT) (CBCS) SYLLABUS 2023-24

Semester Grade Point Average (SGPA):

15.1 Subject wise Grading

Grades shall be awarded to indicate the performance of students in each of subjects studied. Based on the percentage of marks obtained in both Continuous and Comprehensive Evaluation and End Semester Examination, a corresponding letter grade shall be given as shown in Table 1.

15.2. Grading System:

The Semester Grade Point Average (SGPA) is calculated by dividing the sum of credit points (Σ CP) secured from all subjects/courses registered in a Semester, by the total number of credits registered during that Semester. SGPA is rounded to two decimal places and is computed as

$$\text{SGPA} = \text{For each Semester, } \Sigma\text{CP}/\text{Total no. of credits}$$

Grades are awarded based on a relative grading system and University follows a 8 point grading system on a 10 point scale

Grading Scheme:

Table 1

Percentage	Grade	Grade point (10 pointscale)	
80-100	O	10	Outstanding
70-79	A+	9	Excellent
60-69	A	8	Very Good
55-59	B+	7	Good
50-54	B	6	Above Average
45-49	C	5	Average
40-44	P	4	Pass
<40	F	3	Fail
Absent	Absent	0	Ab

The pass criteria for the successful completion of programmes, shall be as follows

- Minimum of 40% aggregate marks in the CCE of a course
- Minimum of 40% in the ESE of a course.
- Minimum 40% aggregate in each Semester

A student who has obtained an 'F' grade in any subject shall be deemed to have 'failed' and is required to reappear as a 'supplementary student' in the End Semester Examination, as and when offered. In such cases, internal marks in those subjects shall remain the same as those obtained earlier.

To a student who has not appeared for an examination in any subject, 'Ab' grade shall be allocated in that subject, and he/she is deemed to have 'failed'. A student shall be required to reappear as a

MBA (TOURISM AND TRAVEL MANAGEMENT) (CBCS) SYLLABUS 2023-24

'supplementary student' in the End Semester Examination, as and when a student earns grade point (GP) in each subject/course, on the basis of the letter grade secured in that subject/course. The corresponding 'credit points' (CP) are computed by multiplying the grade point with credits for that particular subject/course as shown below.

Credit points (CP) = grade point (GP) x credits

For a subject/course a student passes the subject/course only when $GP \geq 4$ ('P' grade or above)

15.3 Cumulative Grade Point Average (CGPA)

The Cumulative Grade Point Average (CGPA) is a measure of the overall cumulative performance of a student in all semesters considered for registration. The CGPA is the ratio of the total credit points secured by a student in all registered courses in all semesters, and the total number of credits registered in all the semesters. CGPA is rounded off to two decimal places. CGPA is thus computed from the 1st year II semester onwards at the end of each semester.

Computation of SGPA and CGPA are done using the procedure listed above. For Final % of Marks equivalent to the computed final CGPA, as:

$$\% \text{ of Marks} = (\text{final CGPA} - 0.5) \times 10.$$

As a measure of the performance of a student, a 10 point absolute grading system using the letter grades (as per UGC/AICTE guidelines) and corresponding percentage of marks shall be followed.

16. Evaluation and Results:

- The evaluation process for answer scripts in the End Semester Examination (ESE) is centralized and conducted impartially. This means that the assessment is carried out in a centralized manner, ensuring objectivity and fairness. Evaluators, without knowledge of the students' identities, review the answer scripts, maintaining a blind-folded approach to eliminate biases. This approach is designed to uphold fairness and consistency in the grading process across all students participating in the ESE.
- In the Postgraduate (PG) program courses, a single examiner conducts the evaluation process, assigning marks to candidates. If a student raises discrepancies in the assigned marks, the system initiates a second evaluation to ensure accuracy and fairness.
- After completing the examinations, the system promptly announces semester results within 30 days from the date of the last examination. This timely disclosure furnishes students with feedback on their academic performance.
- It's noteworthy that a minimum pass mark of 40% is set for each course, considering the combined performance in Continuous Assessment (CA) and the End Semester Examination (ESE). This standard ensures a comprehensive evaluation and establishes a benchmark for the successful completion of the courses.

17. Backlog Examinations:

- If a student fails in any one or more courses of the End Semester Examination (ESE) in any semester, they are permitted to appear for the backlog examinations in the subsequent semester.

MBA (TOURISM AND TRAVEL MANAGEMENT) (CBCS) SYLLABUS 2023-24

- b. A repeating student has a maximum of three chances, including the first chance, with the same syllabus/curriculum. If the student fails to clear the course in three chances, subsequent attempts will be based on the syllabus applicable to the course for the relevant academic year.
- c. The maximum duration to complete a program is two years beyond the prescribed minimum duration.
- d. To apply for a repeat examination, a student must submit their application through their concerned Principal by the specified deadline.
- e. All notifications regarding backlog examinations will be announced on the University website at least 15 days before the commencement of the examinations.

18. Repeating CCE for improvement:

- a. Students who have completed all the semesters of their program but failed to graduate due to a low score in CCE in a specific course can apply for CCE repeat, as notified on the University website.
- b. Final-semester students who failed in any course in previous semesters due to low scores in CCE can apply for CCE repeat, as per the notification on the University website.
- c. Applicants should submit the filled form through the Head of the Department to the Principal of the college in person.
- d. After document verification and fee payment by the applicant, the application will be forwarded to the office of the Controller of Examinations for further processing.
- e. The maximum number of courses allowed for CCE repeat at a time is two.
- f. If a course has been revised or replaced in the changed syllabus, the student must complete the syllabus applicable to them.
- g. In CCE repeat, the applicant must complete all four components of the CA under the supervision of a teacher assigned by the department.

19. Re-evaluation/ Re-totalling:

- a. Re-evaluation/Re-totalling of answer scripts is permissible for PG students covered under CCE. This option extends to both regular and backlog examinations.
- b. Students intending to pursue Re-evaluation/Re-totalling must submit their applications through the Principal to the Controller of Examinations within the designated time frame.
- c. If there is any alteration in marks as a result of Re-evaluation/Re-totalling, the student will be accorded the benefit of the higher marks, whether awarded before or after the re-totalling process.
- d. In the context of Re-evaluation/Re-totalling, the recalculated marks will be deemed final.
- e. The outcome of the re-totalling process will typically be disclosed within one month from the concluding date for applications.

20. Make-up / Instant Exams

Make-up / Instant examinations will be conducted for IV semester outgoing students within one month from the date of declaration of results

21. General Clause:

It may be noted that beside the above specified rules and regulations all the other rules and regulations in force and applicable to semester system in Post-Graduate courses in Osmania University will be applicable as amended from time to time by the University. The students shall abide by all such Rules and Regulations. This includes Plagiarism rules notified by the University

MASTER OF BUSINESS ADMINISTRATION (TTM) SYLLABUS

SEMESTER-I PAPER CODE-DSC 101

Course: PRINCIPLES OF MANAGEMENT

Course objectives:

1. To help students to understand the basic principles of management.
2. To comprehend managerial concepts and theories.
3. To interpret types of plans and decision making styles.
4. Enable students to understand the key principles of management
5. To analyze leadership and motivation theories.
6. To interpret classical and contemporary management theories and their relevance

Course outcomes:

1. Apply gained knowledge of managerial concepts and theories.
2. Develop suitable plans and decisions.
3. Enable to identify management issues and propose effective solutions
4. Implement critical thinking and study approaches to organizational performance
5. Identify organization structures and understand control process.
6. Critically assess assumptions that influence decisions and actions on management

Unit – I: Introduction to Management:

Nature, meaning and significance of Management, Management-Science vs Art, Management Principles, Management Functions, Evolution of Management, Theories of Management, Classical, Scientific, Administrative and Behavioral. Management Sciences Theories: Systems and Contingency Theory, Social and ethical issues in Management, Management and environment of tourism business.

Unit – II: Planning and Organizing:

Approaches to planning; Types of plans, steps in planning process, Organizational planning - Vision, Mission, Objectives and goals; Planning in a dynamic environment.

Organizing -concept, principles, theories, types of organizations, authority, responsibility, power, delegation, centralization and Decentralization; Span of management, Line and staff relationships.

MBA (TTM) SYLLABUS 2023-24

Unit – III: Directing and Controlling:

Motivation, Motives, Motivation Theories, Motivation and Productivity, Leadership Styles & Models, Process of Communication, Formal and Informal Communication, Barriers to Communication and Transactional Analysis, Control Process Methods, Tools and Techniques, Design of Control Techniques, Choices in Control.

Unit – IV: Organisation Behaviour:

Concepts, determinants, challenges, and opportunities of OB, contributing disciplines to OB, Historical evolution of OB; Impact of organizational structure on OB; Understanding and managing individual behaviour: Personality; Perception; Values; Attitudes; Learning, Contemporary challenges of OB

Unit – V: Group Behaviour:

Group Behaviour, Group Formation, Developing interpersonal awareness, Assertiveness in Groups: Definition and classification of groups, Development of groups, group structure, roles, norms, and status, Group decision making.

Understanding Work Teams, Conflict Management, Conflict resolution models, Negotiation and Interpersonal Behaviour, Management of Change, Resistance to Change, Organizational Development.

Suggested Readings:

1. Koontz & Wehrich, Essentials of Management, Tata McGraw Hill, 12th Edition. 2013
2. Rao VSP, Hari Krishna V – Management: Text and Cases, Excel Books, 2012 Edition
3. Wehrich & Koontz, Management - A Global perspective, McGraw Hill. 2012
4. Hellrieger, Jackson & Slocum, Management - A Competency based approach, Thomson Learning, 13th Edition. 2013
5. Stoner & Stoner A.F & James Freeman Edward R, Management, PHI. 2011
6. Stephen P. Robbins, “Organizational Behaviour”, 12th Edition, Prentice Hall.
7. Fred Luthans, “Organizational Behaviour”, 12th Edition, McGraw Hill International Edition.
8. Udai Pareek 2010, Understanding Organizational Behaviour, Oxford University Press.

MASTER OF BUSINESS ADMINISTRATION (TTM) SYLLABUS

SEMESTER-I PAPER CODE-DSC 102

Course: BASICS OF ACCOUNTING AND FINANCE

Course objectives:

1. To study principles of accounting and accounting system.
2. Understand basic concepts of accounting
3. To identify accounting process based on current practices.
4. To examine inventory valuation methods.
5. To study changes in financial position and operating cycle
6. To evaluate financial statements.

Course Outcomes:

1. Apply the gained knowledge on accounting concepts and principles.
2. Translate understanding into practice of preparing financial statements.
3. Choose optimum inventory valuation method as per requirements
4. Make use of funds in assessing long term financial strategy
5. Interpret observations of financial state of business.
6. Apply accounting principles to practical scenarios and make informed financial decisions

UNIT I: Introduction to Financial Accounting:

Definition-purpose, use and role, Concept and conventions- Rules of book keeping; double entry book keeping; Financial Accounting transactions, the process of recording, rules of book keeping and books of accounts; Double Entry book keeping, journalizing primary and secondary books of accounts. Preparation of Journal, Ledger Posting Balancing and Preparation of Trial Balance; Accounting standards; International Financial Reporting Standards (IFRS).

UNIT II: Preparation of Financial Statements;

Meaning; Objectives; The structure and contents of financial statements, The profit and loss account and the Balance Sheet. The need for adjusting entries; revenue recognition, accrual principle, depreciation, closing inventories and their valuation, bad debts and providing for doubtful debts, discounts, contingencies, prior year expenses

UNIT III: The analysis of financial statements;

Techniques of Financial Statement Analysis: Ratio analysis Types of ratios-Ratios to understand the financial status and performance of an organization. Ratios and their uses .Advantages and disadvantages, common size statement analysis.

MBA (TTM) SYLLABUS 2023-24

UNIT IV: Cost Accounting:

Meaning and Objectives; Classification; Direct cost; Overheads; Cost Sheet - Preparations of Cost Sheet; Marginal Costing: Breakeven point analysis, Contribution, Margin of Safety, Standard Costing, Variance Analysis, Material Variances, Labour Variances

UNIT V: Funds Flow Statement:

Meaning, Concept of Gross and Net Working Capital, Preparation of Schedule of Changes in Working Capital, Preparation of Funds Flow Statement and its analysis

Cash Flow Statement: Various cash and non-cash transactions, flow of cash, difference between cash flow and fund flow, preparation of Cash Flow Statement and its analysis.

MASTER OF BUSINESS ADMINISTRATION (TTM) SYLLABUS

SEMESTER-I PAPER CODE-DSC 103

Course: MANAGERIAL ECONOMICS FOR TOURISM

Course objectives:

1. To explain the basic economic principles and the concepts of business economics.
2. To identify and analyze determinants of demand and supply.
3. To simplify and establish relationship between production and associated costs.
4. To classify evolving market structures and determine the optimum price-output level.
5. To analyze the fundamental principles of economics and study how they apply to the tourism industry
6. To evaluate impact of Macro economy on Tourism Industry.

Course outcomes:

1. Make use of economic principles in business decision making process.
2. Estimate and predict demand and supply through gained knowledge.
3. Evaluate and apply production and cost concepts in business.
4. Compare various market structures and determine optimum price-output level.
5. Design tourism strategies keeping in mind the economic impact of tourism in India
6. Apply economic tools and models to evaluate pricing strategies, revenue management and cost minimization in tourism industry

Unit – I: Introduction to Business Economics:

Introduction to Economics, Nature and Scope of Management Economics, Significance in decision-making and fundamental concepts. Objectives of a firm. Gap between theory and practice and role of managerial economist, the concept of opportunity cost, Marginalism, Equi-marginalism, incremental concept, Time perspective, discounting principle, Risk and uncertainty.

Unit-II: Theory of demand and supply:

Demand Analysis; Types of demand, determinants of demand, demand function, Law of demand, assumptions and exceptions; Elasticity of demand; types of Elasticity of Demand, Measurement and significance of Elasticity of Demand. Demand Forecasting; Need for Demand Forecasting, Methods of Demand Forecasting; Supply function, determinants of supply, law of supply, Elasticity of Supply.

Unit-III: Production and cost Analysis:

Production and cost of production, production function ; Production function with one, two variables, Cobb-Douglas Production Function, Marginal Rate of Technical Substitution, Isoquants and Isocosts function in the short run and in the long run ;cost concepts ;practical applications of cost functions ;cost volume profit Analysis ;Break even chart; Economics of scale and scope.

Unit-IV: Market Structure:

Classification of Market Structures, Features, competitive situations; Price-Output determination under Perfect competition, Monopoly, Monopolistic competition and Oligopoly both in the long run and short run; pricing under monopolistic competition, product differentiation. Kinked demand curve, cartels, price leadership. Pricing Strategies; Price determination, full cost pricing, product line pricing, price skimming, penetration pricing.

Unit V: The economic impacts of tourism:

Direct, indirect, induced and negative. The measurement of economic impact, multiplier effect – meaning and types of economic impact, multiplier–meaning and types, linkage and leakages. Tourism impact on balance of payments and exchange rates.

Suggested Books:

1. Petersen, Craig H. Managerial Economics, New Delhi Pearson Education.
2. Mithani, D.M. Managerial Economics, New Delhi, Himalaya Publications.
3. Chopra, O.P. Managerial Economics. New Delhi McGraw Hill.
4. Koutsoyiannis A. Modern Micro Economics. New York, Macmillan.
5. M. Thea Sinclair and Mike Stabler, “The Economics of Tourism”, Rutledge, London and New York.
6. Peter Cullen, Economics of Hospitality Management

MASTER OF BUSINESS ADMINISTRATION (TTM) SYLLABUS

SEMESTER-I PAPER CODE-DSC 104

Course: TOURISM EVOLUTION AND CONCEPTS

Course objectives:

1. To explain existing forms of tourism.
2. To estimate and predict tourism demand.
3. To analyze the evolving elements of tourist destination.
4. To determine the impact of tourism on economy
5. To understand historical developments from ancient civilizations to modern travel trends
6. Able to evaluate current trends and challenges in global tourism industry

Course outcomes:

1. Apply gained knowledge of tourism concepts.
2. Develop suitable attractions of tourism.
3. Identify the impact of tourism on culture
4. Identify and critically assess impact of tourism on environment.
5. Evaluate socio-economic impact of tourism
6. Analyze the fundamental concepts and theories in tourism industry

Unit-I: Introduction to Tourism

Concepts, Definitions & Historical development of Tourism. Types of Tourist: Tourist, traveller, excursionist. Forms of tourism: Inbound, Domestic, International. Tourism System: Nature, Characteristics of tourism industry; Interdisciplinary approaches to tourism; Major motivations and deterrents to travel. Development of tourism in India, Sargent Committee, Formation of ministry of tourism.

Unit – II: Growth of Tourism Industry:

Tourism Demand, Motivation of Tourism Demand, Measuring Tourism Demand. Pattern & characteristic of tourism supply Factors influencing tourism supply.

Tourism Industry; Structure and Components: Attractions; Accommodation; Activities; Transportation, Shopping; Entertainment; Infrastructure and Hospitality; Emerging areas of tourism; Rural, Eco, Medical, Meeting-Incentives-Conferences-Exhibitions (MICE), Literary, Indigenous, Wellness, Film, Golf

MBA (TTM) SYLLABUS 2023-24

Unit – III: Components of Tourism Industry:

Elements of Tourist Destination. Influences of elements on tourist flows. Role of Indian Tourism Development Corporation(ITDC), State Tourism Development Corporations, Archaeological Survey of India(ASI), Ministry of Railways & Civil Aviation in tourism development, Role and functions of Important Tourism Organizations: World Trade Organization(WTO),International Air Transport Association(IATA),Pacific Asia Travel Association (PATA), Travel Agents Association of India(TAAI), World Travel and Tourism Council(WTTC),Federation of Hotels and Restaurants Association of India(FHRAI).

Unit –IV: Trends in Tourism Sector:

Tourism Impacts; Tourism Area Life Cycle (TALC); Doxey's Index ;Demonstration Effect; Push and Pull Theory; Tourism System - Mathieson and Wall Model & Leiper's Model - Stanley Plog's Model of Destination Preferences - Demand and Supply in tourism - Tourism regulations - Present trends in Domestic and Global tourism – MNC's in Tourism Industry.

Unit –V: Tourism Impact Assessment:

Development and Promotion of tourism, National Action Plan of tourism , National Tourism Policy Code of conduct for safe and Sustainable Tourism for India.

Managing impacts: Role of various policy measures, control, standard capacities; Impact assessment methods, Social impact assessment, Environmental impact assessment and environmental audit.

SEMESTER-II PAPER CODE – DSC 203

Course: IT APPLICATIONS FOR MANAGEMENT

Course Objectives:

1. To provide real-time insights into the fundamentals of computers as business tools
2. To study the role and Value addition of Information Technology in business
3. To enable students to develop proficiency in using certain components of the package includes MS Excel, MS Access
4. Develop critical thinking skills to analyze complex IT management challenges
5. Stay up-to-date with the latest trends and innovation in information technology
6. Develop learning and understanding of changing IT scenarios

Course Outcomes:

1. Students can work in IT field to make positive contribution to the organization.
2. Students can take professional responsibilities and make informed judgments in the organizations.
3. Students can get streamline work processes and improve business process in the organization.
4. Enhance decision making to cater to the field of IT and management
5. Manage organizational change related to IT initiatives
6. Helps Develop Key Performance Indicators in the field of IT management

Unit – I: Information Systems and Management:

Computers – Definition, Characteristics, Components of Computers, Hardware, Software; Application and System Software, Programming Languages and their Classification, Role of IT in Business, Opportunities and Challenges in IT, Importance of IT in Business

Unit – II: Emerging Trends in IT:

Categories of IS, Management Information System (MIS), Decision Support System (DSS) - Types and architecture of DSS, Data Warehouse and Data Mining, Artificial Intelligence, Intelligent Systems, Cloud Computing, Mobile Apps and Computing, Big Data, Robotics, Virtual Reality, Internet of Things (IoT), 5G,

Unit – III: Communications and Networks:

Definition, Introduction to Networks, Overview of Networks, Types of Networks,

MBA (TTM) SYLLABUS 2023-24

Network Topologies, Components of Networks, Computer Network Models, Applications of Communications: Definition, Internet - Overview of Internet, Architecture and Functioning of Internet, WWW, FTP, Telnet, Gopher, Browsers and Search Engines, Teleconference, Web Conferencing platforms.

Unit – IV: Functional Areas of Information Systems:

Management Levels and Functional Systems, Manufacturing, Production, Sales and Marketing Systems, Accounting, Finance and HR Systems, **Enterprise Systems and Applications:** Concepts of ERP, SCM, CRM, CPFR, Knowledge Management Systems, System Development Life Cycle (SDLC), Electronic Fund Transfer (EFT).

Unit – V: Security and Ethical challenges in IT:

Need for Security - Security Threats and Attacks, Malicious Software, Hacking, Security Services - Security Mechanisms - Cryptography, Digital signature, Firewall - Types of Firewalls - Identification & Authentication - Biometric Techniques - Security policies - Need for legislation, cyber laws, cyber security issues, salient features of IT Act.

Suggested Books:

SEMESTER-II PAPER CODE-DSC -204

Course: BIO-PHYSICAL ENDOWMENTS OF INDIA

Course objectives:

1. To describe the importance of Bio-physical Endowments of India from the tourism perspectives.
2. To develop concrete understanding of various geographical features of India from tourism perspectives.
3. To determine the competitive positioning and potentials of India as a premiere tourist destination.
4. Encourage students to undertake fieldwork, data collection and research projects related to biophysical aspects of India
5. Identify the role of biophysical factors in shaping tourism policies
6. Understand the influence of geophysical diversity on India's tourism sector

Course outcomes:

1. Identify the natural tourist resources in India.
2. Design and promote tourism destinations in India.
3. Understand major tourism circuits of India.
4. Study the ecosystems present in India and their ecological significance
5. Understand the principles and practices of resource management
6. Engage students to develop models of sustainability of India's biophysical resources

Unit I: Geographical Features of India:

Topography, Climate, Rainfall, Landforms, Rivers, Seas, Lakes, Wetlands, Western Ghats, The Himalayan Mountain Ranges, Vidhya, Satpura, Mekal, Arawali.

Unit II: Natural tourist Resources: Landforms, Mountains; Mountain Tourist Resource – with special reference to the Himalayas and other Hill Stations: Case studies of Mussoorie, Nainital, Munnar and Ooty

India's main desert areas, their geological structure, development of Desert Tourism – existing trends and facilities available, desert safaris and desert festivals. Coastal areas, beaches and islands; resources and resource patterns. Resources in islands with special reference to Andaman and Nicobar Islands.

MBA (TTM) SYLLABUS 2023-24

Unit: III Biosphere Reserves of India:

Locations, Accessibility, Facilities, Amenities , unique selling propositions of Nilgiri Biosphere Reserve, Great Nicobar Biosphere Reserve, Sundarbans Biosphere Reserve, Achanakmar-Amarkantak Biosphere Reserve, Kanchenjunga Biosphere Reserve, Panna Biosphere Reserve.

Unit IV: Adventure Tourism Sites: Locations, Accessibility, Facilities, Amenities, Unique Selling Propositions (USP), Land, Water and Air Based Adventure Sports and Tourism.

Adventure Tourism associated with mountain tourism: Trekking, Rock-Climbing, Wind Surfing, Camping, White Water Rafting, Skiing etc. Island, Sea & River Tourism: Coastlines, Beaches, Lagoons, Backwaters Fishing Camps, Water Sports, environmental concerns, issues relating to the depletion of marine life

Unit V: Major Tourism Circuits of India:

Inter-State and Intra-State Circuits, Theme-Based Circuits - World Heritage Sites of India –Tourism by Rail- Emerging Tourism Attractions in India.

Created tourist destinations – Academic, scientific and industrial institutions - An over view of tourism development strategies.

Suggested Readings:
